EXPERIENCE

Logivention Technologies, Salesforce Developer

October 2024 - November 2024

- Worked on a **managed package** to customize and optimize Salesforce functionality.
- Developed and maintained components using **Lightning Web Component (LWC)** and **Aura**.
- Contributed to the development and enhancement of an **ATS system**.
- Utilized **Apex** and **SOQL** for backend development and efficient data retrieval.

TEKsystems Global Services, Salesforce Developer

August 2021 - December 2023

- Enhanced system performance by developing **Apex Triggers** and **SOQL** queries, ensuring **80%+ code coverage** for improved functionality and reliability.
- Worked on **HTTP Request** and streamlined automation processes and enhanced workflow efficiency with optimized **Flows**.
- Developed **Lightning Web Components (LWC)** and incorporated Salesforce Lightning Design System (**SLDS**) to deliver intuitive and modern user interfaces for seamless record management.
- Performed data analysis using **Snowflake** and **SQL** to derive actionable insights and support data-driven decision-making.
- Managed large scale data imports weekly using **Data Loader**, ensuring accuracy and consistency in handling high-volume **datasets**.

EDUCATION

Chitkara University, BE in Computer Science

August 2017 - July 2021

CGPA: 7.4

ACHIEVEMENTS

- Performance Review Recognition

SKILLS

Salesforce

Apex, Lightning Web Components (LWC), Aura Components, Triggers, SOQL, Flows, SLDS, Async Apex, Salesforce Admin, Security, Configuration, Data Loader, Workbench, Snowflake, HTML, CSS, Javascript, SQL
