Mule 3 to Mule 4 migration

APISERO • July 2021 - December 2021

EDUCATION

Bachelor of Engineering in Computer Science and Engineering

Chandigarh University • Punjab, India • 2022 • 7

CERTIFICATIONS

MuleSoft Certified Developer Level 2

2023

- A MuleSoft Certified Developer – Level 2 should be able to independently work on production-ready Mule applications – applications that are ready to be used in a DevOps environment in professional software development projects and address and balance critical non-functional requirements including monitoring, performance, maintainability, reliability, and security.

MuleSoft Certified Developer - Level 1

2023

- The MuleSoft Certified Developer – Level 1 exam validates that a developer has the required knowledge and skills to design, build, test and debug, deploy, and manage basic APIs and integrations: moving from Anypoint Platform to Anypoint Studio and back.

MULESOFT INTEGRATION ASSOCIATE

2023

- A MuleSoft Certified Integration Associate credential holder should be able to work as an informed member of a MuleSoft project team, with knowledge of core integration and API-led connectivity terminology and concepts.
