Amalorpavam Higher Secondary School.
Secured:87.6%

WORK EXPERIENCE

VIRTUSA [Campus Intern]

Three-month internship at Virtusa, where I gained hands-on experience in software development. During my internship, I completed an assessment involving coding in JavaScript and undertook a project to create a React stopwatch using HTML, CSS, JavaScript, and ReactJs.

WOOING INSPIRATION TECHNOLOGIES PVT LTD [JUNE 2024-PRESENT]

MY PORTFOLIO LINK

<https://candid-panda-ce4f26.netlify.app/>

At Wooing Inspiration, I gained hands-on experience in developing and enhancing web applications, with a strong focus on **frontend technologies**. My role provided me with the opportunity to:

- Develop expertise in static website technologies, including **HTML, CSS, and React.js**.
- Contribute to the development, maintenance, and enhancement of static websites.
- Conduct market research using databases to identify potential clients, analyze their business challenges, and align suitable solutions with their needs.
- Provide technical support to clients, troubleshooting issues and ensuring high levels of customer satisfaction.

PROJECT:

I contributed to multiple projects, refining my skills in HTML, CSS, JavaScript, and React.js.

- Built dynamic and user-friendly web applications, ensuring smooth navigation and real-time updates for music education, financial services (Dakshan Financial), and yoga platforms.
- Contributed to UI design and functionality, improving navigation and user engagement.
- Optimized performance for better accessibility and cross-device functionality.
