

Danish Ali

Java Developer

+91 8743944043, er.danishali21@gmail.com, Delhi NCR , <https://www.linkedin.com/in/cyberdanishali/>

SUMMARY

Skilled Java Developer with 3 years of experience in developing and maintaining Java applications. Proficient in Java SE/EE, Spring, Hibernate, and RESTful services. Strong problem-solving skills and a team player committed to delivering high-quality software solutions.

SKILLS

- | | | |
|---|-----------------------|------------------------------|
| • Java 8 | • Hibernate/JPA | • JIRA |
| • Spring Boot | • SQL | • Jenkins |
| • Restful APIs /Microservices Architecture Design | • ETL (Talend Studio) | • Data Migration Integration |
| • Spring MVC | • Git | • MS Window/Linux |
| | • Azure/AWS | |

WORK EXPERIENCE

Innova Solutions Pt. Ltd.

Noida, UP

Software Engineer

Jan 2023 - Present

- By implementing a CI/CD pipeline, we were able to **increase delivery speed by 40%** and decrease release cycles **by 20%, which improved teamwork and dependability**.
- Through code reviews and knowledge-sharing sessions, software quality was **raised by 35%, encouraging innovation and ongoing development**.
- By using performance optimisation approaches, application load times were **reduced by 35%, which resulted in a 20% boost in user satisfaction**.

Junior Software Engineer

Jan 2022 - Dec 2022

- Passionate about data and software development, skilled in Power BI, Python, SSIS, **Java, and Spring Boot**.
- Experienced in database management (**SQL Server, Oracle**), **ETL pipelines, and data integrity**. Thrives in collaborative environments and **eager to tackle new challenges**.

CERTIFICATE

- Oracle Cloud Foundations 2023 (by Oracle)
- SQL Server Fundamentals (by Microsoft)

PROJECT

CAP: (Consultant Assignment Portal)

Nov 2022-Present

- Enhanced Efficiency and Productivity: The **CAP projects led to an 80% increase in payroll process efficiency** and the implementation of **IT solutions contributed to overall productivity gains**.
- Positive Workforce Impact: The initiatives positively impacted employee engagement, **fostering a more motivated workforce, and created job opportunities, benefiting both the workforce and the organization**.

Employee360

July 2022-Nov 2022

- Comprehensive Database Design: Designed a comprehensive database using DBT (Data Build Tool) for the Employee360 project, creating a robust data model to ensure **data integrity and support various analytical needs**.
- Data Transformation and Enrichment: Developed **SQL-based transformations to cleanse and enrich raw data and implemented incremental models** for efficient data handling.

EDUCATION

GLA University

B. Tech in Computer Science & Engineering

Mathura, UP

August 2018- May 2022
