- ☐ **Database:** MongoDB

SKILLS

Programming Languages C++(advanced with DSA) , java , python

Database MongoDB, Django

App developer :- google Flutter , C# , Kotlin, Swift

Frameworks Next.js, React.js, Express, Node.js, Tailwind CSS, Bootstrap,

Version Control Tools and IDE Git, GitHub, Visual Studio Code

IT Constructs Object-Oriented Programming, Data Structures and Algorithms(Advanced) ,

Digital Marketing and Graphic Design at professional level

EDUCATION

B tech Swami Vivekanand Institute of Engineering & Technology (SVIET) (GPA: 8.01 CGPA) in 4th sem

2022 — 2026

Punjab, India

CERTIFICATIONS

MERN Stack Development

Bharat Intern

Jan

Data Structured and Algorithms with C++

Code Help- Love Babbar

Artificial Intelligence

Infosys Company

AWARDS

LeetCode Achievement

Continue 2024-2025

Successfully solved over **500+** coding problems on LeetCode, showcasing proficiency in Data Structures and Algorithms (DSA) with C++
