SUMMARY

Passionate Computer Science student with almost a year of programming experience in an Object-Oriented language (java), eager to work on real world projects with a world class team like yours. Experience reading and writing code. Have completed a few interesting engineering projects in java. Always trying to implement good and sound logic, developing efficient and elegant software which gets the job done.

PROJECTS

Tourist Management System Project

2024

The travel & tourism management system I make a window-based app using java, swing, MySQL database which helps tourist to book hotels to see new offers and book packages. This window-based application makes all operation easy for tourist.

Library Management System Project

2023

The library management system is a window-based app where admin can add/view/delete librarian and librarian can add books/view books/ return books. This application makes all operation easy for admin and librarian.

EDUCATION

Chitkara University	2023-2025
Masters in Computer Application	9.33 CGPA
Kurukshetra University	2020-2023
Bachelors in Computer Science	84%
Saraswati Vidya Mandir	2018-2020
Class 12	82%
RKPH High School	2016-2018
Class 10	88%

SKILLS & OTHER

- Java Programming Language
- Linux Operating System
- MySQL/ Oracle Database
- Git/Github
- Object Oriented Programming
- Data Structure
- JDBC

CERTIFICATIONS

Java Programming Language - Indian Institute of Computer Education (June 2023- Dec 2023)
C Programming Language- Indian Institute of Computer Education (Jan 2022- June 2022)
