## EDUCATION

B.E (Computer Science and Engineering), Chitkara University Punjab, 9.48 CGPA

2019 - 2023

## SKILLS

**Programming Languages:** Java, JavaScript, C++,

**Database and Language:** Experience in MySQL, PostgreSQL, MongoDB

**Frameworks:** working Experience in React JS, Bootstrap, Node JS, Express JS

**Version Control Tools and IDE:** Git, GitHub, Postman, AWS, MS Office, Agile Software Development, Docker, Linux

**Course Work:** DBMS, Data Structure & Algorithms, OOPs, Computer Networks, Operating Systems etc.

## Work EXPERIENCE

**(ANALYST) - eClerx**

March 2024 – Sep 2024,

Chandigarh, India

- Analyzed large datasets and identified key trends, improving data-driven decision-making and operational efficiency
- Utilized advanced Excel functions (VLOOKUP, PivotTables, Macros) to streamline data analysis and reporting processes, increasing efficiency
- Utilized problem-solving skills to debug and resolve system issues, ensuring smooth software operation and user satisfaction.

**(MEMBER OF TECHNICAL STAFF) - BEEHYV**

May 2022 – August 2023,

Hyderabad, India

- Developed and Maintained Responsive User Interfaces Using (Html, CSS, JS, ReactJS).
- Proficient in version control systems like Git for efficient code management and collaboration.
- Developed dynamic and interactive data tables using Ag Grid in Angular and AngularJS, leveraging advanced features to enhance data visualization and user experience.
- Successfully Integrated third-party APIs to enhanced backend functionality and Expand Service Offerings.

**(CSE SUBJECT EXPERT) - CHEGG**

October 2021 – June 2022

Remote

- Provided expert assistance to students on a wide range of computer science topics (e.g., algorithms, data structures, programming languages, software engineering)

## PROJECTS

**Swiggy Clone-** [GitHub](#)

UI-(React-JS)

- Developed and executed a comprehensive project plan to create a frontend page similar to the Swiggy website in React JS, resulting in a fully functional and visually appealing website.
- **Tech stack used:** JS, React JS, Html, CSS

**URL-SHORTNER** [GitHub](#)

Full-Stack (Express JS, EJS)

- Developed a robust URL-SHORTNER application using Express JS and EJS, incorporating User authentication and authorization features.
- **Tech stack used:** JS, Express JS, EJS, MongoDB

**Blogging App –** [GitHub](#)

Full-Stack - (Express JS & EJS, MongoDB)

- Developed a Blogging App using Express JS, EJS, MongoDB for backend, templating, and database respectively.
- Tech stack used:** JS, Express JS, EJS, MongoDB

## CERTIFICATES AND LANGUAGE

- **Languages:** English, Hindi, Punjabi
- **Certifications:** Introduction To Web Development, Development, AWS Fundamentals: Going Cloud Native
