

Anuja Arjun Habib

Software Engineer

2 Years 3 Months

7420826674

anujahabib12345@gmail.com

Masters of Computer Science, proficient in Software Development, Salesforce CRM, Salesforce.Com Development, Mulesoft Anypoint Platform, Python Flask, MySQL, Angularjs, Heroku, Mulesoft Api, Cloudhub, Python, Postgresql, Application Development, coding

Core Competencies

- Salesforce CRM
- Salesforce.Com Development
- Mulesoft Anypoint Platform
- Python Flask
- MySQL
- Heroku
- Mulesoft Api
- Cloudhub
- Python
- Postgresql
- Application Development
- Requirement Gathering
- Program Management
- Software Engineer
- Software Development

Technical Skills

- Python
- Mulesoft Anypoint
- Salesforce
- Salesforce, MuleSoft, Heroku, Python
- Salesforce CRM
- Salesforce.com Development
- Mulesoft Integration
- Python Flask
- Mulesoft API

Profile Summary

With a Masters degree in Computer Science, I have spent 2+ years at Enigma Solutions LLP, developing and integrating cloud-based solutions for projects like Uber Eats. My proficiency lies in using MuleSoft, Python, Heroku, and Salesforce. I have successfully designed and developed a Mule application for large data processing and integrated MuleSoft with Amazon and Salesforce and Heroku. My experience also includes developing a lead deduplication process using MuleSoft, Heroku, Python, and Salesforce. I am a Certified Salesforce Platform Developer and Administrator, and a Mulesoft Certified Developer, committed to delivering scalable integration solutions to enhance overall system functionality.

Work Experience

Oct 2021 - Present

Software Engineer

Enzigma Software

Working at Enzigma Solutions LLP for 2+ years in Software Development and Integration, I have developed and integrated cloud-based solutions for Uber Eats project, using MuleSoft, Python, Heroku, and Salesforce. Some of my notable achievements include designing and developing a Mule application to handle large data processing, integrating MuleSoft with Amazon and Salesforce and Heroku, and developing a lead deduplication process using MuleSoft, Heroku, Python, and Salesforce. I also contribute to sprint planning, technical requirements analysis, and best practices implementation.

Projects

785 Days

Uber Eats

Uber Eats is an American online food ordering and delivery platform launched by Uber in 2014. Uber Eats is one of the leading food ordering companies that is focused on expanding its business all over the globe and targeting all types of restaurants that can accept online food orders and works continuously to provide the best food and delivery experience to their customers.
