WORK EXPERIENCE

Blue Yonder, Bangalore

MuleSoft and Python Developer

08/2021 - Present,

Bangalore, India

Working on Supply chain planning, Warehouse Management and Transport Management domains, providing end to end business solutions

. Achievements/Tasks

- ▣ Working on technologies MuleSoft 4.x and MYSQL, Oracle.
- ▣ Proposed, Designed and developed using Mule 4.3.0 EE.
- ▣ Designed and executed microservices using Mule 4.x.
- ▣ Ability to learn/switch between multiple technologies as per product requirement.
- ▣ Recognized and awarded for technical skills.
- ▣ Worked on multiple requirements, POC's which helped in procuring new projects.
- ▣ Worked on Configuration Service, Service Registry, Common Mule Application Framework.

Emids Technologies, Bangalore

MuleSoft and Spring Boot Developer

01/2020 – 08/2021,

Bangalore, India

Worked on health care and life science domains, providing end to end business solutions

Achievements/Tasks

- ▣ Working on technologies MuleSoft 3.x, MuleSoft 4.x, Spring Boot and MySQL.
- ▣ Proposed, Designed and migrated a complex legacy system to MuleSoft.
- ▣ Designed and executed microservices using Mule 4.x.
- ▣ Ability to learn/switch between multiple technologies as per product requirement.
- ▣ Recognized and awarded for technical skills.
- ▣ Worked on multiple requirements, POC's which helped in procuring new projects.

Torry Harris Business Solutions, Bangalore

Integration Engineer (Oct 2018 - Jan 2020)

10/2018 - 01/2020,

Worked on telecom domain, providing integration solutions

Achievements/Tasks

- ▣ Worked on Spring Boot, MuleSoft 4.x, Oracle products like Fusion Middleware, WebLogic and Database.
- ▣ Documented Low level Design (LLD), Test Design Documents (TDD) and getting signoff from other system designers.
- ▣ Designed and executed microservices using spring boot.
- ▣ Postman Functional and Integration testing.
- ▣ Prepared Performance testing scripts and executed Load test, Stress test.
- ▣ Memory or Heap Monitored by jrmc and Jrockit.

British Telecom, Bangalore

Integration Engineer (June 2016 - Oct 2018)

06/2016 - 10/2018,

Worked on telecom domain, providing integration solutions

Achievements/Tasks

- ▣ Worked on Java/J2EE, Oracle products like Fusion Middleware, WebLogic and Database.
- ▣ Documented Low level Design (LLD), Test Design Documents (TDD) and getting signoff from other system designers.
- ▣ Postman Functional and Integration testing.
- ▣ Prepared Performance testing scripts and executed Load test, Stress test.
- ▣ Memory or Heap Monitored by jrmc and Jrockit.

Torry Harris Business Solutions, Bangalore

SOA Developer (Oct 2014 - June 2016)

10/2014 - 06/2016,

Worked on telecom domain, providing integration solutions

Achievements/Tasks

- ▣ Worked on Oracle products like Oracle Service Bus, BPEL and Database.
- ▣ Worked on WebLogic Server.
- ▣ SoapUI Integration testing.

EDUCTAION

Bachelor's in Engineering (Electronics & Telecommunication Engineer)

Dayananda Sagar College of Engineering, Bangalore

2010-2014
