## EDUCATION

**Dr APJ Abdul Kalam Technical University**  
Computer Science and Engineering - CGPA: 7.8  
**Karim City College**  
Higher Secondary School - Percentage: 67%  
**C.V. High School**  
High School - Percentage: 70%

**UttarPradesh, India**  
August 2018 - September 2022  
**Jharkhand, India**  
August 2015 - June 2017  
**Jharkhand, India**  
August 2014 - April 2015

## TECHNICAL SKILLS

**Programming Languages:** Java, JavaScript  
**Backend & Frontend :** HTML, CSS, Spring MVC, Spring Boot, SAP UI5, SAP FSM , SAP ABAP, Node.js, oData  
**Project Management:** Agile Methodologies, SCRUM, Project Planning, Timeline Management  
**Databases & Clouds:** MySQL, DynamoDB, AWS, Redis, Kafka  
**Developer Tools:** Postman, VS Code, IntelliJ IDEA, GitHub, Jira  
**Relevant Skills:** System Design, API Integration, Debugging, Microservices, Code Reviews, Performance Tuning  
**Soft Skills:** Problem-Solving, Communication, Time Management, Team Collaboration

## WORK EXPERIENCE

### Software Development Engineer

Swiggy Pvt Ltd, Bengaluru, India

April 2024 - Present

- Collaborated with cross-functional teams to design and implement high-performance backend services using Java, Node.js, and Golang, optimizing system efficiency for scalability under high traffic volumes.
- Led strategic advisory on microservices architecture, enhancing resilience and reducing maintenance complexity through effective solutions in Java and Node.js.
- Developed and optimized RESTful APIs and event-driven services using Golang and Node.js, improving backend performance and system reliability.
- Delivered performance optimizations by analyzing and tuning Java, Node.js, and Golang applications, significantly reducing latency and improving overall system stability and user experience.

### Software Engineer

Evora IT Solutions, Bengaluru, India

May 2022 - July 2023

- Collaborated with clients and teams to deliver custom SAP UI5 and SAP FSM solutions, creating user-friendly interfaces aligned with business goals.
- Designed and implemented user-centric interfaces within SAP UI5 and SAP FSM, working closely with the backend team using SAP HANA, SAP ABAP, and oData to ensure seamless integration of technical solutions that meet client requirements.
- Worked closely with stakeholders to validate the technical feasibility of SAP applications, leveraging SAP UI5 and SAP FSM to deliver comprehensive, front-end solutions while coordinating with teams handling SAP HANA and SAP ABAP for backend functionality.

## PROJECTS

- Employee Management System:** Led the development of a Spring Boot CRUD application, demonstrating proficiency in Spring MVC, Thymeleaf, and MySQL, showcasing expertise in implementing a 3-tier web architecture.
- Ecommerce App :** Spearheaded the development of a cutting-edge MERN-based eCommerce platform, enhancing online shopping experiences through innovative features and seamless user interface design.

## CERTIFICATIONS

- Python Programming by IIT, Kharagpur details here [Link](#)
- System Engineer internship by Axyya Digital details here [Link](#)
- Salesforce Developer internship by Cloud Analogy Softech Pvt. Ltd. details here [Link](#)

## EXTRACURRICULAR ACTIVITIES

- Event Coordinator** at TechSquadra - Jan 2022 - Feb 2022
- Executive member** of the Techwiz Team - Dec 2021- Jan 2022
- Event member** for Science Day - July 2019 - August 2019
