

SONU

Yamuna Nagar, Haryana, India

 sonugandhi494@gmail.com  LinkedIn  Github  Leetcode  Codestudio  Gfg

PROFILE

Enthusiastic BE Computer Science student eager to drive organizational success through the application of new skills, real-world experience, and adept communication, critical thinking, and organizational capabilities.

EDUCATION

Chitkara University

2020-2024

B.E Computer Science – CGPA – 9.73

Punjab, India

Swami Vivekanad Public School

2019-2020

YamunaNagar

EXPERIENCE

Project Mentor Social Summer Of Code – Actively made open-source contributions, demonstrating expertise in frontend and backend skills through valuable project contributions during the event. **2022**
Remote

PROJECTS

Hotel Room Booking – [Live](#), [Github](#)

(MongoDB, Nodejs, Expressjs, Reactjs, GraphQL)

- Learning Outcome– Developed a comprehensive hotel room booking platform using MongoDB, Node.js, Express.js, React.js, and GraphQL, showcasing proficiency in full-stack web development and modern technologies.

Employee Management System – [Github](#)

(React, Node, Mysql)

- Learning Outcome– Achieved proficiency in React, Node.js, and MySQL through the development of an efficient Employee Management System

Square one Food Order Website – [Github](#)

(Javascript, JQuery, HTML, Css, Owl carousel)

- Learning Outcome – Acquired hands-on experience in JavaScript, jQuery, HTML, CSS, and Owl Carousel by creating the Square One Food Order website

Programming Projects – Food Order Application – [Github](#), Quiz Application – [Github](#) (C++) Calculator Application – [Github](#), Library Management System – [Github](#)

* Learning Outcome – Sharpened C++ programming skills and GitHub proficiency by crafting applications like Food Order, Quiz, Calculator, and Library Management System

Portfolio – [Link](#), [Github](#)

(React, Tailwind)

- Learning Outcome – Gained expertise in React, Tailwind CSS, and Three.js, evident through a dynamic and visually immersive portfolio.

TECHNICAL SKILLS

Languages– C++, Java, Javascript, Python

Fontend – HTML, CSS, Tailwind, React.js, Angular JS, Vue JS, Tailwind, Bootstrap, JQuery, Ajax, Typescript

Database– MongoDB, Sql, MySql, Postgresql

Backend – Nodejs, Expressjs, PHP

Devops – Github, Git, Linux, AWS, Docker, Kubernetes, Jenkins, GraphQL, Shell Scripting, Ansible, Terraform, Dotnet

Others – GraphQL, Nginx, Rest api, SOAP, Apache, WebSocket, AI

SOFT SKILLS

Problem Solving, Leadership, Hard Working, Team Player, Communication

ACHIEVEMENTS

Codekaze – Air 1006, College Rank – 3, **Aws Contest Techgig** – Rank 12, **Cod-A-Thon Techgig** – Rank 23, **Hackathon Semi-Finale Techgig**, 350+ Questions Solved On [GFG](#), 300+ Questions Solved on [Codestudio](#), 300+ Questions solved on [Leetcode](#), [Github](#) – 70+ Repository, [Blog Writing Api](#), **Hacktoberfest (2022- 23)**, [Devscript Symbal.ai](#)
