SUMMARY

I am an Android Developer with 2 years of experience in designing, developing, and maintaining high-performing Android applications. Proficient in **Java**, **XML**, and **Android SDK**, with a strong understanding of object-oriented programming and mobile application architecture. Skilled in **API integration**, **SQLite**, and **third-party SDKs** (e.g., Razorpay). Adept at troubleshooting, optimizing performance, and ensuring robust UI/UX standards. Experienced in collaborating with cross-functional teams to deliver scalable, user-friendly, and client-focused solutions. Passionate about learning new technologies and improving application efficiency to meet dynamic business needs.
