Technologies/Frameworks: React JS, Tailwind CSS, ShadCN, MUI, Firebase, Node.js, MongoDB, Express.js, Framer Motion

## Experience

---

### Webwise Digital Pvt Ltd

June 2023 – Current

Full Stack Developer

- Worked on the existing code base and enhanced its code structure, UI, and performance by 30% through refactoring and optimizations of the existing code base.
- Developed and maintained frontends for internal tools like admin panels and products from scratch with Figma designs, focusing on web accessibility, and more as a solo developer.
- Designed some UI for applications using Figma, ensuring a user-friendly and responsive interface.

### Swiftly Web Agency (OPC) Pvt Ltd.

May 2023 – June 2023

Web Developer Intern

- Collaborate with the development team to build and update websites.
- Learn and implement modern web technologies and tools.

## Projects

---

### Shopsy — Ecommerce | *React, Express, NodeJs, Redux, MongoDB, ShadCN*

- Created RESTful APIs using Node.js and Express.js for seamless data communication between the front end and back end.
- Separate access levels for admins and users using role-based permissions.
- Enhanced visibility through meta tags, alt attributes, and sitemap generation
- Developed an admin dashboard for managing products, users, and orders, with features to add, update, and delete entries.

### BlogX — Blog Website | *React, Tailwind CSS, Appwrite*

- The website adapts perfectly to all screen sizes, ensuring a smooth experience on mobile, tablet, and desktop devices.
- TinyMCE editor allows authors to create, update, and publish blogs with rich text formatting.
- Secure user login and signup features using Appwrite's built-in authentication services.
- Hosted on Netlify, ensuring fast, reliable access with automated deployments.

### XCrypto — Crypto Website | *React, ChakraUI, Chart.js*

- Fetches live cryptocurrency prices, market capitalization, and trading volume from the CoinGecko API.
- Displays an organized list of cryptocurrencies, including their name, symbol, current price, and 24-hour percentage change.
- Chart.js to display detailed price trends for individual cryptocurrencies over various timeframes (e.g., 7 days, 30 days, 1 year).

## Education

---

Institute of Innovation in Technology and Management

Bachelor of Computer Applications

2023

Janakpuri, New Delhi
